COURSE LISTINGS

Course Credits

Course credits are earned as a semester hour. The credit value of each course is indicated following the title of the course, e.g., 3 for a three-credit course.

Course Identifier

The course identifier is a combination of a two, three or four-letter abbreviation for its discipline and a four-digit number for its level, e.g., first year, sophomore, junior, senior, graduate. Course descriptions are listed alphabetically by the following discipline codes:

DI – General Education Direction

DI follows the discipline code of a course that satisfies a General Education Direction (see below) and is part of the course identifier. For example:

- Web Expressions (CSDI 1200) is a Computer Science (CS) course that is a Creative Thought Direction (DI).
- Exploring Music (MUDI 1310) is a Music (MU) course that is a Past and Present Direction (DI).

Cross-listed courses: courses that are offered under two different disciplines, e.g., Exploring Personal & Organizational Health (OH 5180) and Exploring Personal & Organizational Health (BU 5180). The course description is printed under one discipline and is referenced in the other discipline.

Course Number System

First year: courses numbered 1000 to 1999. Introductory courses for the general student population. No prerequisites required.

Sophomore: courses numbered 2000 to 2999. Introductory courses generally for the majors and courses that serve other majors. These courses may or may not have a prerequisite.

Junior: courses numbered 3000 to 3999. Upper-level courses that usually have an identified prerequisite. The prerequisite may be a specific course or grade point average or it could be more general such as junior or senior status. These courses carry with them a higher expectation of performance consistent with junior status.

Senior: courses numbered 4000 to 4999. Typically reserved for capstone courses in the majors. They will usually have at least one prerequisite. These courses carry with them a higher expectation of performance consistent with senior status.

Special permission is required for first year students to take 3000-4000 level courses, and for sophomores to take 4000-level courses.

Upper-division: 3000 and 4000 level courses
Upper-level: 3000 and 4000 level courses
Graduate: courses numbered 5000 to 8990

Course Description

The following information may be found at the end of each course description: when offered, prerequisite(s), corequisite(s), and General Education abbreviation.

When offered: a statement of when the course is typically offered.

Prerequisite(s): the course code(s) of courses(s) that must be taken or a general condition that must be met prior to registering for the course being described. "Permission of the instructor" is the implied Prerequisite for all courses with a stated Prerequisite.

Corequisite(s): the course code(s) of courses(s) that must be taken concurrently with the course being described.

Course Modalities ("Type")

These modality definitions go into effect on January 1, 2025.

- **C - In Person-On Campus**: All class sessions are taught in-person during the days and times specified in the schedule.
- **L - Online Synchronous:** Class sessions are taught remotely during the days and times specified in the schedule. The instructor will provide information about how/where to attend online.
- **J - Online Asynchronous:** Class sessions have no specified meeting time. Students are required to complete coursework online by the due dates specified by the instructor.
- **H - Hybrid:** Class sessions are taught face-to-face and online (synchronously during the days and times specified in the schedule); students ma attend in whichever modality works best for them and may change modality as needed.
- **F - Hyflex:** All class sessions and activities of the course are taught in-person and synchronously on-line (during the days and times specified in the schedule) as well as asynchronously online. Students must complete all coursework; however, they can choose how to participate and may move among the formats as needed.
- **B - Blended:** Some class sessions will be taught face-to-face (during the days and times specified in the schedule). Others will be taught online synchronously (during the days and times specified in the schedule) or online asynchronously. The instructor will determine each class session's format and students are expected to attend/participate in that format.
