EDUCATION (ED)

ED 1500 Foundations of Education (4)
This course explores the role of curriculum, instruction, assessment, relationships, and environment in informal settings. Special emphasis is placed on early childhood development. Through a required field experience, students observe, explore, analyze, and reflect upon these issues and gain practical understanding on how these foundational principles are applied in different settings to support all children. Falls and Springs.

ED 2400 Child and Youth Development in Context (4)
Explores physical, cognitive, emotional, and social development of school-aged children and youth (5-18). Students explore factors that influence child and youth health and success and the ways in which family, school, and community contexts can support or hinder healthy development. Students apply their learning through observation and engagement at an assigned field placement. Falls and Springs. (WECO)

ED 2550 Mentoring & Empowering Youth (2)
This seminar is designed to help students develop skills and knowledge to successfully engage in mentoring youth through a meaningful service learning experience. The seminar meets twice a month. Each meeting is a time for discussion, reflection, and practicing new skills. Mentoring takes place for at least one hour per week outside of class time. May be repeated for a maximum of 8 credits. Falls and Springs.

ED 2600 Learning and Development (4)
Course explores learning and various factors that influence learning. Students learn about sciences that contribute to our understanding of learning and the ways in which scientific findings are applied and misapplied today. During their time in the field students will explore STEM learning in informal and formal settings and examine application of learning sciences themselves. Falls and Springs. (WRCO)
Prerequisite(s): ED 2400 or ED 2350 or Instructor Permission.

ED 2800 Inclusive Education and Technology (4)
The course explores a variety of educational technologies to reach and teach all students. Learners will explore the meaning of inclusion and ways in which to achieve inclusive education through technology. Falls and Springs. (TECO)
Prerequisite(s): ED 2400.

ED 3000 Identity in a Diverse Society (4)
#The United States is a nation rich in cultural diversity. For community members to prosper, individuals must understand how perceived differences may affect social behavior and interpersonal relationships. Students will consider information essential to understanding individuals of diverse cultures. Emphasis will be placed on the responsibility of professionals who influence the lives of children to effect social adjustment and change. Falls and Springs. (DICO)

ED 3010 Designing Positive Learning Environments (4)
This course is designed to assist prospective educators in promoting prosocial behaviors in an educational setting. Emphasis is placed on establishing, fostering, and sustaining meaningful environments for learning. This course has a required field experience component. Falls and Springs.
Prerequisite(s): ED 2600 or ED 2800.

ED 3020 Competencies for Youth Development Professionals (4)
Students gain the knowledge, skills, and dispositions necessary to create positive learning environments in a variety of settings for children and youth. Emphasizes development of a sense of belonging, well-being, acceptance, and safety. Students develop competencies based on national and state standards for youth development professionals. Site specific student work in the field complements classroom learning experiences. Falls.
Prerequisite(s): Youth Development option of the Elementary Education and Youth Development major, AND ED 2350 OR ED 2400. All others by permission.

ED 3050 Foundations of Teaching and Learning (3)
An introduction to the teaching profession. Topics include: lesson design using the Universal Design for Learning (UDL), executive functioning skills, multi-age learning environments, inquiry based learning, competency-based instruction and assessment, personalized feedback, blended learning, co-teaching, and state and national standards. Candidates become familiar with the roles and responsibilities of public school teachers as well as the environment of public schools. Candidates participate in a field-based experience in an assigned public school. Falls and Springs.
Prerequisite(s): admission to Cohort I; Elementary Education major or full acceptance to the Teacher Certification Option.
Corequisite(s): ED 3051, ED 3052, ED 3055, and RL 3050.

ED 3051 Designing Positive Learning Communities (3)
Designed to assist prospective educators in promoting prosocial behaviors in the school. Emphasis is placed upon strategies to promote cooperation and address conflict. Strategies for dealing with more severe behavior conflicts are also presented. Candidates participate in a practicum in an assigned public school. Falls and Springs.
Prerequisite(s): CD 1000; Elementary Education major or full acceptance to the Teacher Certification Option.
Corequisite(s): ED 3050, ED 3052, ED 3056, and RL 3050.

ED 3052 Assessing Children in Schools (3)
Studies the methods and techniques of educational measurement as well as evaluation, construction and consideration of teacher-made assessments. Selective uses and interpretation of standardized tests. Modification of teaching plans and instructional approaches. Review of teaching strategies in relation to student assessment results. Falls and Springs.
Prerequisite(s): CD 2002 or CD 2310 or ED 2500.
Corequisite(s): ED 3050, ED 3051, ED 3055, and RL 3050.

ED 3055 Foundations of Teaching Practicum (1)
Concurrent with Cohort I, students complete a field-based experience in a K-8 placement. Students are supervised by on-site mentors as well as Cohort I faculty. Students gain meaningful experience and relate course content to best practices in educational settings. Pass/No Pass. Falls and Springs.
Prerequisite(s): admission to Cohort I.
Corequisite(s): ED 3050, ED 3051, ED 3052, and RL 3050.
ED 3060 Social Studies Curriculum and Instruction (3)
Focusses on social studies curriculum and instruction with the goal of promoting critical thinking skills and a constructivist approach to teaching and learning. Social studies education incorporates 5 standard-based strands including knowledge of civics, geography, NH/US history, economics, and world history and contemporary issues. Candidates research instructional strategies and processes that incorporate a variety of resources, materials, and technologies. Not open to students who have earned credit for ED 3070. Falls and Springs.
Prerequisite(s): completion of Cluster I or Cohort Courses I; Elementary Education major or full acceptance to the Teacher Certification Option. Corequisite(s): ED 3080, ED 3090, MA 3070, RL 3070, and SE 3070.

ED 3075 Knowing & Teaching Math (3)
Discover the mathematical concepts and pedagogical skills needed to become a successful teacher of mathematics in grades K-6. Students are actively involved in exploring how children learn mathematics and how they can guide them in their learning of mathematics. Discusses content, methods, curriculum, assessment, national and state standards and grade level expectations, and appropriate technology used in the classroom. Not open to students who earned credit for MA 3070. Falls and Springs.
Prerequisite(s): MA 2110, MA 2120 or MA 3010; completion of Cluster I or Cohort Courses I; full acceptance to BS Elementary Education. Corequisite(s): ED 3060, ED 3080, ED 3090, RL 3070, and SE 3070.

ED 3080 Teaching in the Content Areas Practicum (1)
Concurrent with Cohort II courses, students complete a field-based experience in a K-8 placement. On-site mentors and Cohort II faculty supervise students. Students gain experience and relate course content to best practices in educational settings. Pass/No Pass. Falls and Springs.
Prerequisite(s): completion of all program requirements for certification by the start of the Cohort II semester. Corequisite(s): ED 3060, ED 3090, MA 3070, RL 3070, and SE 3070.

ED 3090 Science Curriculum and Instruction (3)
Focusses on science curriculum and instruction with the goal of promoting critical thinking skills and a constructivist approach to teaching and learning. Emphasizes inquiry based science methods and science experiences. Science education incorporates 4 standards-based strands including knowledge and proficiency in earthospace science, physical science, life science, and science process skills. Candidates research instructional strategies and processes that incorporate a variety of resources, materials, and technologies. Not open to students who have earned credit for ED 3070. Falls and Springs.
Prerequisite(s): completion of Cluster I or Cohort Courses I; Elementary Education major or full acceptance to the Teacher Certification Option. Corequisite(s): ED 3060, ED 3080, MA 3070, RL 3070, and SE 3070.

ED 3150 Early Literacy (4)
Examines the foundations of literacy instruction with an emphasis on curriculum, methods and materials for children in kindergarten through grade three. Focusses on phonemic awareness, phonics, fluency, vocabulary, comprehension, core reading programs and stages of writing development in a balanced reading framework. Springs.

ED 3350 Classroom Planning, Management, and Organization for Middle School and Secondary Educators (3)
Focusses on ways to plan proactively in the secondary classroom setting. Topics include implementing appropriate classroom procedures, managing professional responsibilities and student academic work, using effective communication skills, organizing cooperative groups, and intervening to address problem behaviors. Candidates have the opportunity to demonstrate their ability to construct a unit plan related to their area of study, to assess student learning effectively, and to demonstrate their understanding of the role that technology plays in their classroom. To be taken by secondary education majors in the semester before they student teach. Falls and Springs. (TECO)
Prerequisite(s): middle school and secondary education majors.

ED 3500 Project Based Learning and Design Thinking (4)
This course investigates principles of Design Thinking and Project Based Learning through authentic work with community partners as well as exploration and analysis of designed learning experiences for children and youth. Emphasis is on employing these high-impact practices to support the growth and learning of children and youth and to leverage change in communities. Falls and Springs.
Prerequisite(s): Junior Status, Elementary Education and Youth Development Majors only (any option).

ED 3550 Leadership and Advocacy (4)
Examines the knowledge, skills, and dispositions necessary to work effectively on behalf of children and youth in a variety of settings. Explores the roles of leaders and advocates in these settings. Site specific student work in the field complements classroom learning experiences. Falls.

ED 4200 Integrated Methods: Teaching for Authentic Understanding (9)
The purpose of this course is to prepare preservice elementary school teachers through integrated instruction and connections to field experiences. Students will experience instructional units that integrate across content areas while also attending to children's diverse needs. Instructors will co-teach integrated modules to help students explore instructional choices that support deep and interconnected instruction. Falls. Instructor permission required.
Prerequisite(s): Elementary Education and Youth Development Major, Teacher Certification Option. Corequisite(s): ED 4210.

ED 4210 Integrated Methods Practicum (3)
Prerequisite(s): Elementary Education and Youth Development Major, Teacher Certification option. Corequisite(s): ED 4200.

ED 4230 Education Practicum: (Topic) (1-12)
A supervised practicum experience in 1 of several cooperating institutions or agencies in New Hampshire. The purpose is to gain meaningful work experience through applying knowledge learned in previous course work to the on-the-job situation. Commitment includes a negotiated number of hours per week and participation in seminars. Supervision is done by the institution or agency concerned and by the University faculty. Students anticipating more than 3 hours of credit should confer early in the program with the Department Chair to free up sufficient blocks of time in their program. Offered on demand.
Prerequisite(s): permission of the advisor and the Department Chair.
ED 4240 Youth Development Seminar (3)
Students discuss and reflect on internship experiences and develop portfolios to demonstrate their professional competencies, experiences, and goals. Using skills and knowledge developed through course and field work, students engage in individual or team-based integrative projects responsive to the needs of internship sites or other community organizations. Falls.
Corequisite(s): ED 4330.

ED 4330 Youth Development Internship (9)
The Youth Development and Education Internship is a supervised experience in an approved setting providing services to children and youth or working on their behalf. In the internship students apply knowledge and skills learned in coursework and engage in self-assessment, the design of a learning contract, and reflective practice. Planning for the internship should begin during the junior year. Pass/No Pass. Falls. Instructor permission required.
Corequisite(s): ED 4240.

ED 4400 Elementary Internship in Teaching (12)
Designed as the culminating field-based experience for Elementary Education majors leading to teacher certification. It is a continuous, full-time (5 days per week) experience during which candidates gradually assume responsibility for a full range of teaching activities within a co-teaching model. This provides an opportunity for demonstrating the appropriate professional skills, attitudes, and dispositions essential for successful teaching. The Internship in Teaching is conducted under the supervisory guidance of a Mentor Teacher and a school-based co-evaluator. Falls and Springs.
Prerequisite(s): minimum GPA of 3.00.
Corequisite(s): ED 4500.

ED 4420 Secondary Internship in Teaching (8-15)
The culminating field-based experience for all programs leading to teacher certification. It is a continuous, full-time (5 days per week) experience of 8-15 credits during which, after a period of structured observation, students gradually assume responsibility for a full range of teaching activities encountered in a school situation, thereby demonstrating the appropriate professional skills and attitudes essential for successful teaching. The Internship in Teaching is conducted under the supervisory guidance of a Mentor Teacher and a University Supervisor. Required seminars complement the experience. Falls and Springs.
Prerequisite(s): minimum 2.50 cumulative GPA; minimum 2.70 cumulative GPA for English/Teacher Certification students; completion of all other program requirements for certification by the beginning of the Internships semester; permission of the Coordinator of Internships.

ED 4450 Elementary Education Internship Seminar (2)
Taken concurrently with either Elementary Internship in Teaching (ED 4400) as a capstone experience in the Teacher Certification option of the Elementary Education and Youth Development Major. Students participate in both on campus seminars and web-based discussions. Preparation and presentation of a culminating program assessment is the focus of this experience. Springs. Instructor permission required.
Prerequisite(s): Elementary Education and Youth Development Major; Teacher Certification Option.
Corequisite(s): ED 4400.

ED 4500 Elementary Education Teaching Seminar (1)
Taken concurrently with Elementary Internship in Teaching (ED 4300 or ED 4400) as a capstone experience in the Elementary Education major. Students participate in seminars and self-directed performance tasks. Falls and Springs.
Corequisite(s): ED 4300 or ED 4400.

ED 4910 Independent Study (1-4)
Enrichment of the background of students in education through the pursuit of a special topic pertinent to their interests and abilities. Chance for an in-depth study of a problem in the field of education. Consent required of instructor who will supervise the independent study and the Department Chair.
