

# MARKETING (BS)

## Innovation and Entrepreneurship

The Bachelor of Science in Marketing degree prepares students for careers in the growing fields of marketing and professional sales. Students learn how to develop strategic industry and consumer insights to drive sustainable financial outcomes for businesses and organizations. Through our hands-on, applied and constantly updated curriculum, students learn how to create value (conceive of products and services that will succeed in the marketplace), communicate value (through traditional, digital and personal engagement) and deliver value (price, package and distribute products) to target consumers. Marketing majors may choose one of two options: Professional Sales or Strategic Marketing. *All baccalaureate business degree programs offered are nationally accredited by the Association of Collegiate Business Schools and Programs (ACBSP).*

## Recommended Course Sequence

Check all course descriptions for prerequisites before planning course schedule. Course sequence is suggested but not required.

To complete the bachelor's degree in 4 years, you must successfully complete a minimum of 15 credits each semester or have a plan to make up credits over the course of the 4 years. For example, if you take 14 credits one semester, you need to take 16 credits in another semester. Credits completed must count toward your program requirements (major, option, minor, certificate, general education or free electives).
