## MUSIC (BA)

## Arts and Technologies

The Department of Music, Theatre, and Dance offers the BS degree in Music Education and BA degrees in Music and Theatre Arts (for information on the options offered under each degree, please see the individual listings below). The Department also offers minors in Music and Theatre as well as coursework in these three areas that can be applied toward Interdisciplinary Studies majors.

Applicants to all Departmental majors or minors must meet the regular requirements for admission to the University and must also pass an audition/interview with Departmental faculty in their area. Prospective students should contact the Department Chair for audition/interview guidelines and scheduling. Students interested in auditioning for Departmental Talent Grants must do so on specific dates, as outlined in the audition/interview guidelines.

Several specific policies concerning academic work and degree requirements for Music, Music Education, and Theatre Arts majors are contained in the Music Student Handbook and Theatre Student Handbook, available online at the Department's Web page. Students should carefully consult the handbook for their major area.

In addition to its academic degrees, the Department sponsors several groups that provide students from across campus with opportunities to perform. These include: Chamber Ensemble, Chamber Singers, University Chorale, Contemporary Dance Ensemble, Guitar Ensemble, Jazz Ensemble, Jazz Workshop (combos), The Music Theatre Company, Percussion Ensemble, Piano Ensemble, PSU Theatre, and Symphonic Band. Please contact the Department Office for information about audition requirements and credit-earning opportunities with these organizations.

Degree candidates are required to choose from one of the two options: Contract or Music Technology. The Contract Option allows students to design an individualized program of study based on their musical interests and instrument(s) of choice. Students in the Music Technology Option present a Music Technology Junior Project and a Music Technology Senior Project.

## Degree Requirements

Check all course descriptions for prerequisites before planning course schedule. Course sequence is suggested but not required.

To complete the bachelor's degree in 4 years, you must successfully complete a minimum of 15 credits each semester or have a plan to make up credits over the course of the 4 years. For example, if you take 14 credits one semester, you need to take 16 credits in another semester. Credits completed must count toward your program requirements (major, option, minor, certificate, general education or free electives).
