

SUSTAINABILITY MINOR

Tourism, Environment, and Sustainable Societies

Offered by the Sustainability Council

Sustainability Council: Pamela Anneser, Brian Eisenhauer, Suzanne Gaulocher, Abby Goode, Patrick May, Brigid O'Donnell, Laura Tilghman, Amy Villamagna.

Sustainability perspectives and practices are emerging as essential tools in the 21st century at local, national, and global scales. To prepare graduates from all fields to create and work in a more sustainable world, this interdisciplinary minor allows all students the opportunity to develop a solid mastery of the fundamental components of sustainability and its applications across multiple disciplines. Students are provided opportunities through course selection and capstone experiences to develop a focus that compliments the content of their major curriculum and provides them with skills to directly apply to their future professional and personal practices.

The program allows for student choice while maintaining a focus that ensures all students learn core sustainability concepts. A minimum of 15 credits must be completed toward the minor and no more than six credits in the minor can be double counted with a student's major. Half of the credits towards the minor must be at the 3000 or 4000 level. Students interested in the minor are encouraged to contact a member of the Sustainability Council for assistance in planning their studies.

Please see complete information on all of the requirements (<https://coursecatalog.plymouth.edu/undergraduate-programs/minors/>) to earn a minor at Plymouth State University.

Course	Title	Credits
Minor Requirements		
SU 2111 or ISDI 2100	Introduction to Sustainability Studies Issues in Sustainability (SSDI)	3-4
SU 3113	Conversations in Sustainability	1
Sustainability Core		
Complete one of the following:		3-4
SU 3333	Environmental Humanities (WRCO) (Complete one course from the following:)	
SU 3112	Social Science Perspectives on Sustainability (DICO,GACO)	
SU 3115	Economic and Ecological Sustainability (GACO,QRCO)	
PBH 2000	Foundations of Public Health	
EPL 3270	Sustainability in Residences	
SO 3605	Sustainability in Practice (WECO)	
SU 4111	Sustainability Project Design	
Environmental Systems		
Complete one course from the following:		3-4
BIDI 1090	Curiosity and the Nature of New Hampshire (SIDI)	
BI 2070	Botany	
BI 3240	Conservation (DICO,GACO) ¹	
BI 4050	Ecology (QRCO,WRCO) ¹	
BI 4800	Current Environmental Issues ¹	
CH 3600	Environmental Chemistry (INCO) ¹	
EPL 3150	Introduction to Permaculture	

ESDI 2500	Environmental Science (SIDI)
